**10
YEAR**
Limited
Warranty*

COMFORT

The latent capacity of an air conditioning system determines how well it can remove humidity from the air in your home. **Thermal Zone systems are designed to have very high latent capacity.** With lower humidity levels inside, you can remain cool and comfortable, no matter what is happening outside.

Optional Electric Heat kits are available.

AFFORDABLE

Your new Thermal Zone high efficiency package air conditioner has a **10-Year Limited Warranty on all parts,*** so that you can enjoy many years of worry free comfort.

Financing options are available.
Ask your Thermal Zone dealer, or go to www.ThermalZone.com for details.

RELIABLE

The **legendary Copeland Scroll™ compressor**, which delivers proven durability and enhanced efficiencies, is at the heart of every Thermal Zone Central Air Conditioning System.

Factory-installed thermal expansion valves (standard) allow your Thermal Zone air conditioning system to continually adapt to conditions inside your home. As a result, you will be more comfortable, and the system will not work any harder than it needs to.

The heavy-duty steel cabinet is rated to withstand a 500-hour salt spray test. The cabinet will protect your investment against damage from yard hazards and severe weather so that it can operate at peak performance.

EFFICIENT

With efficiency ratings of **14 SEER**, Thermal Zone has the perfect system for you.

Ozone Friendly R410A Refrigerant

Introduced in 1995, R410A is the most common refrigerant used in new HVAC equipment in North America today.

R410A has zero ozone depletion potential.

R410A Models Available

Model	SEER	EER	Duct Configuration
